## **PREAMBLE - SPIRIT OF CRICKET**

*Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within its Laws but also within the Spirit of the Game. Any action which is seen to abuse this spirit causes injury to the game itself. The major responsibility for ensuring the spirit of fair play rests with the captains.*

**1. There are two Laws which place responsibility for the team's conduct firmly on the captain.**

### **Responsibility of captains:**

The captains are responsible at all times for ensuring that play is conducted within the Spirit of the Game as well as within the Laws.

### **Player's conduct:**

In the event of a player failing to comply with instructions by an umpire, or criticising by word or action the decision of an umpire, or showing dissent, or generally behaving in a manner which might bring the game into disrepute, the umpire concerned shall in the first place report the matter to the other umpire and to the player's captain, and instruct the latter to take action.

### **2. Fair and unfair play:**

According to the Laws the umpires are the sole judges of fair and unfair play.

The umpires may intervene at any time and it is the responsibility of the captain to take action where required.

### **3. The umpires are authorised to intervene in cases of:**

Time wasting

Damaging the pitch

Dangerous or unfair bowling

Tampering with the ball

Any other action that they consider to be unfair

### **4. The Spirit of the Game involves RESPECT for:**

Your opponents

Your own captain

The roles of the umpires

The game's traditional values

### **5. It is against the Spirit of the Game:**

To dispute an umpire's decision by word, action or gesture

To direct abusive language towards an opponent or umpire

To indulge in cheating or any sharp practice, for instance:

(a) to appeal knowing that the batter is not out

(b) to advance towards an umpire in an aggressive manner when appealing

(c) to seek to distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation of one's own side

### **6. Violence:**

There is no place for any act of violence on the field of play.

### **7. Players:**

Captains and umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution towards this.

#### 3.15.13.1 Leg side

**3.15.13.1.1** All balls that pass down the leg side and behind the striker shall be interpreted as negative bowling and called “Wide”.

**3.15.13.1.2** The delivery is not a Wide if:

- (a) The balls that passes on or inside the “Wide” Guideline (Leg Side)” crease marking when the striker moves towards the off side to allows it to pass behind him.
- (b) The ball passes between the striker and leg stump.

### **3.15.13.2** Offside

**3.15.13.2.1** A delivery shall be called “Wide” if:

- (a) The ball passes outside the “Wide Guideline (Off Side)” with the batter in a “normal” batting stance.
- (b) The ball passes wide of the return crease, regardless of the striker bringing it within reach but failing to make contact. Except in 3.15.13.2.1.(D)
- (c) A right arm bowler bowling around the wicket to a righthand batter or a left arm bowler bowling around the wicket to a lefthand batter bowls full pitched yorkers on the off side just within the “Wide Guideline (Off Side)”.
- (d) The delivery is not a Wide if:

The batter moves to the off side and brings the ball within reach so they can hit it with a normal cricket stroke but fails to make contact despite it passing outside the “Wide Guideline (Off Side)”.

### **3.15.13.3** Wides - Height (batter standing up at the crease)

**3.15.13.3.1** Being a limited overs contest, the intention is to discourage the bowling of fast short pitched deliveries that pass above the head of the batter standing upright at the popping crease.

**3.15.13.3.2** This type of bowling is considered a form of negative tactic – so the directive is to call “wide” for the marginal deliveries in this category.

**3.15.13.3.3** The umpire at the bowler’s end will be guided by the signal they receive from the square leg umpire. It is agreed that if the umpire at the bowler’s end is in doubt as to the validity of the square leg umpire’s judgement, the central umpire has the final call.

**3.15.13.3.4** The only exception is when the square leg umpire is unsighted or does not provide a signal for whatever reason and informs the umpire at the bowler’s end of such, through an agreed teamwork signal.

**3.15.13.3.5** The umpire at the bowler’s end must then rule. It is suggested that the evidence they should consider is:

- (a) Ball passing over head
- (b) Keeper catching height
- (c) Steepness of the ball’s path post bounce
- (d) Gut feel or instinct

### **3.15.14** Wide - Reverse Sweep or Switch Hit

When a switch hit or reverse sweep is played or the batter gets in a position to play the shot and then aborts it:

**3.15.14.1** The striker is deemed to bring the ball sufficiently within their reach on both sides of the wicket.

**3.15.14.2** The Wide Guideline (Off Side) shall apply on both sides of the stumps.

**3.15.14.3** The leg stump wide interpretation is no longer in play.

### **3.15.15** Switch Hit Interpretation

**3.15.15.2** The batter can utilize any grip, as long as they do not change it while the bowler is running in to bowl. Interpretation

**3.15.15.3** From the beginning of the delivery stride (defined as the moment that the bowler’s back foot lands in the delivery stride), the batter, if they choose, may start to play the switch-hit stroke.

**3.15.15.4** If the bowler sees the batter alter their grip or stance before they enter their delivery stride, they are not compelled to deliver the ball.

**3.15.15.5** If the bowler does not deliver the ball, in this instance, the umpire shall give the striker an informal warning.

**3.15.15.6** The second time this happens, the striker should be formally warned that they are wasting time under Law 41.10 (Batter wasting time). This shall constitute a first and final warning, and be applicable to any batter in that innings. Any subsequent instances shall result in 5 penalty runs being awarded to the fielding team.

**3.15.15.7** The bowler, having seen the batter change their grip and/or stance, may decide to bowl at the batter, and is entitled to do so. The umpires should allow that option.

**3.15.15.8** In short, the batter is still entitled to play the switch-hit stroke but they are only allowed to alter from one stance or grip to another once the bowler has entered their delivery stride
