SECTION 4 - JUNIOR PLAYING BY-LAWS

These By-Laws are made under the Board's Regulation making power in the Rules and contain various directions and requirements of the Association which are, where the context so indicates, mandatory, but which are not of a general nature which justifies inclusion in the main body of the Rules. These By-Laws are subject to the Rules.

Definitions and interpretation of these By-Laws shall be in accordance with the Rules.

The Under 18 competition will adopt the same By-Laws as the Under 16 competition.

The Senior Board may amend these By-Laws from time to time as circumstances determine.

4.1 AGE LIMITATIONS

4.1.1 All players in the Under 10, & 12, grades shall be under their respective ages as at the 1st September in the current year. All players in the Under 13.5 grade shall be under their respective age as at the 1st of April in the current year.

4.1.2 Females may play 2 years below their eligibility age only after approval from the Junior Manager has been obtained.

4.2 AVERAGES/ASSOCIATION AWARDS

4.2.1 The General Manager shall review annually the qualification for the Association's batting and bowling averages. The number of fixture matches, byes, completely abandoned games and walkovers shall be taken into consideration.

Clubs shall be notified as to the qualification formula no later than 31 January each season.

Players on special permits to play in the Junior Grades, that is over age players, will be ineligible to qualify for Association awards.

When a batter is not dismissed during the home and away season, their aggregate runs is deemed their average.

4.2.2 An additional award will be presented to the Champion Player. This award is based on points allocated for runs, wickets, catches, run outs and stumpings.

4.2.3 The Association's Averages Awards and Champion Player Award shall be as determined by the current on line reporting system by the completion of the final rounds match reports time frame. Awards will not be awarded to clubs (and their players) that have incomplete match reports for the season.

4.2.4 The Association averages end at the completion of home-and-away matches.

4.3 BALLS

4.3.1 All innings shall commence with a two-piece association approved ball (new or near new), supplied by the Association to clubs.

4.3.2 Under 12 and Under 13.5 Competitions - shall use a 142 gram leather ball.

4.4 BATTING RESTRICTIONS

4.4.1 Compulsory Retirement

Batters must retire at the appropriate score according to the table below

AGE GROUP	GAME FORMAT	
	20 Overs	40 Overs
Under 13.5	35 runs	50 runs

4.4.1.1 Under 13.5

Batters who compulsorily retire may return when all remaining players listed on the team sheet are dismissed or compulsorily retired (teams can choose not to bat all players where more than 11 are listed on the team sheet).

4.4.1.2 Where more than one batter has compulsorily retired, such batters will return in order of retirement.

4.4.2 Voluntary Retirement - Under 13.5

A batter who retires voluntarily before they have reached the appropriate retirement score may return to the crease when all other players listed on the team sheet have batted and if other players have retired, must return in order of retirement.

4.4.3 Change of ends

Overs are **not** bowled from alternating ends as occurs in traditional forms of the game. Instead games are played in blocks of overs.

Batters will change ends after every over except for:

4.4.3.1 Under 13.5

The fielding team changes ends after every 5th over.

4.4.4 The wearing of **helmets** and **protectors is compulsory when batting**.

4.4.5 Under 12 Competition

4.4.5.1 Adopt the Junior Cricket 2/Stage 2 Match Day Rules

4.4.5.2 No batter shall face more than 20 balls if the team has other retired batters having faced less than 15 balls

4.4.5.3 No batter shall retire having faced less than 12 balls

4.5 BOWLING RESTRICTIONS

4.5.1 Under 12 Competitions

No bowler shall bowl more than 4 overs, and no bowler can bowl more than 2 overs in a block of 6 overs.

4.5.3 Under 13.5 Competitions – Two Day Match (40 Overs)

4.5.3.1 Bowlers are permitted a maximum of 8 overs in any sequence, as long as a spell does not exceed 5 overs.

4.5.3.2 The rest period must be the same length as the bowling spell. For example, a bowler's spell of 4 overs includes 3 overs bowled alternately by another player. Therefore, the rest period is 7 overs. A bowler that returns to bowl before completing the required rest period will be continuing their initial spell. The overs remaining in a rest period at the end of a day's play do not need to be served at the beginning of the next day.

4.5.3.3 When an innings exceeds 40 overs, any player can bowl after the 40th over even if this means exceeding the 8 over maximum. The only restrictions are that no player can bowl two consecutive overs and the restrictions on bowling spells and rest periods must still be complied with.

4.6 CHANGE OF INNINGS

When a change of innings occurs, no overs are deducted from the maximum overs to be completed in a day's play. If the change of innings occurs at any stage of an incomplete over, the incomplete over is deemed to have been completed (e.g. if 10.2 overs have been bowled, it will be deemed to be 11 overs bowled).

4.7 CRICKET ATTIRE

4.7.1 White trousers, white (or association approved) shirts with sleeves and collar, predominantly white sweater and runners.

4.7.2 The Junior Sub-Committee strongly recommends that hats should be worn and Clubs supply sunscreen and drinks.

4.7.4 Players can have their names and /or number on the back of their shirt

4.8 DISPUTES/PROTESTS ARISING FROM A MATCH

- 4.8.2 All Disputes/Protests should be entered into the score book, at the ground, signed by the Coaches/Team Managers at the conclusion of the days play and should also be lodged in writing to the General Manager via email within 24 hours after completion of the match.

- 4.11.1.1.2** Under 12 and Under 13.5 players may play in a higher age group finals where required for a Club to field a full team (11 players), provided they have played 3 games with the Club.
- 4.11.1.1.3** When a Club has two or more teams in the same age group, a player is qualified to play in the team they have played the most games for. If it is an even split of games and the player has played for teams in different grades, they are qualified for the higher grade. If the player has played for teams participating in the same grade, the player is qualified to play in the team they qualified for first.
- 4.11.1.1.4** All players must be registered on the Association's approved database system and the Club must keep a record of registration and proof of identity (birth certificate, extract of birth, statutory declaration, letter issued by the school principal).
- 4.11.1.1.5** Clubs can apply to the Junior Manager for special consideration permits if they have less than 11 players (or 9 players in U12) available for the finals.

4.11.1.2 All clubs hosting finals must have toilet facilities open. Please ensure facilities are clean.

4.11.1.3 The full team must be listed on the Association's nominated results Web Site prior to the commencement of the match.

4.11.2 Semi Finals

4.11.2.1 The 4 teams with the most home and away points will play in semi-finals

4.11.2.2 If points are equal, the team with the higher percentage is higher on the ladder.

4.11.2.3 1st plays 4th and 2nd plays 3rd.

4.11.2.4 The teams that win the semi-finals will play in the grand final.

4.11.2.5 If a semi-final is drawn or tied the higher placed team will be deemed 'winner' and progress to the grand final.

4.11.2.6 The semi-finals are played under normal playing conditions.

4.11.2.7 The higher placed team hosts the semi-final at their home ground. If more than one team from a club earns this right and an alternative ground is required, the team will have input into selection of host ground.

4.11.2.8 All finals shall be played on the highest ranked teams home ground. However, the Junior Match Committee have the power to change any venue that it thinks is unsuitable to host any final. Due notice will be issued regarding any changes.

4.11.2.9 The host team is to supply stumps, cones and ensure the ground markings and fielding restriction lines (U12s) are done. The ground should be prepared and ready 30 minutes prior to the scheduled start time.

4.11.2.10 The host club is to provide a light meal to share between the two teams at the tea break.

4.11.2.11 Time Lost for Semi Finals

If any play is lost on either day, the match can be extended up to 15 minutes on each day.

Under 16 - When more than 4 overs is lost on the first day the team batting first is entitled to complete their full 40 overs batting allocation even if it means continuing their innings on the second day. The team batting second will be allocated the time remaining plus the extra 15 minutes. If 4 overs or less are lost on the first day the team batting first shall have its innings terminated (if not already dismissed). The team batting second are entitled to receive the same number of balls.

Under 12 & Under 13.5 - When more than 4 overs is lost on the first day the team batting when play ceases is entitled to complete their part of the innings, i.e. 20 overs (15 overs for U12), even if it means continuing their innings on the second day. The split innings format will continue to be followed as far as allowed by the time remaining plus the extra 15 minutes.

There must be a minimum overs bowled in the time remaining, calculated at 3.5 minutes per over (e.g. if only 120 minutes are remaining on the second day, then a minimum 34 overs are to be bowled. This will prevent the fielding team time wasting if they are in a higher placed position on the ladder). Note: if there are no interruptions/delays on the second day, the available overs will be 40 overs (30 overs) + 4 overs (for the extra 15 mins) less the number of overs the team batted at the start of the second day.

When a batting team does not receive its full entitlement of 40 overs (30 overs), a result is only achieved;

If the team batting last has passed the other team's score, or

If the team batting last has a lower score and is all out.

Otherwise the match shall be a draw and the higher placed team will progress to the grand final.

NOTE: It is the preference of the Association for semi final matches to achieve a result rather than end in a draw. The NMCA Junior Manager has discretion to adjust playing times and / or overs to increase the chances of a result when weather conditions impact all matches.

4.11.3 Grand Finals

- 4.11.3.1 The grand final will be played between the winners of the semi-finals.
- 4.11.3.2 If the grand final is drawn or a tie the higher placed team will be awarded the premiership.
- 4.11.3.3 The grand final shall be scheduled at a time decided by the Association and this will be communicated to the Clubs each year before the start of the season. The Grand Final will follow normal playing conditions. Refer to Junior Playing By-laws Clause 4.16 for these but note that if time is lost and the match cannot be completed, then a reserve day is available.
- 4.11.3.4 There is provision for a reserve day if any time is lost due to rain or heat etc.
- 4.11.3.5 The higher placed team hosts the grand final at their home ground. If more than one team from a club earns this right and an alternative ground is required, the club will have input into selection of the host ground.
- 4.11.3.6 All finals shall be played on the highest ranked teams home ground. However, the Junior Match Committee have the power to change any venue that it thinks is unsuitable to host any final. Due notice will be issued regarding any changes.
- 4.11.3.7 The higher placed (or designated home team) is to supply stumps, cones and ensure the ground markings and fielding restriction lines (U12s) are done. The ground should be prepared and ready 30 minutes prior to the scheduled start time.
- 4.11.3.8 The host club is to provide a light meal to share between the two teams at the tea break.

4.11.4 Umpires

- 4.11.4.1 Umpires will be appointed for all semi-finals and grand finals. If there are not enough official umpires available the committee will seek volunteers to ensure finals are conducted with a neutral person in control. All umpire appointments (including volunteers) will be issued with the rules for the finals series and asked to complete an incident report on the conduct of the game if applicable. Any problems will be referred to the General Manager immediately.
- 4.11.4.2 For semi-finals one umpire will be appointed to U12 and U13.5 matches and two umpires appointed to U16 matches.
- 4.11.4.3 For grand finals one umpire will be appointed to U12 matches and two umpires appointed to U13.5 and U16 matches.
- 4.11.4.4 A mix of senior and junior umpires will be used for finals.
- 4.11.4.5 Where there is one official umpire officiating in finals (including volunteers), the Club bowling shall provide an umpire at square leg for U12 and U13.5 matches. This allows the coach to organise field placements and bowling changes. For U16 matches, the Club batting shall provide the umpire at square leg.
- 4.11.4.6 The umpire fees for the finals will be advised to the Clubs closer to the finals.

4.11.5 Weather Conditions

Please refer to Junior Playing By-Laws clause 4.25 for Adverse and Extreme weather condition rules.

4.12 LEG BEFORE WICKET (LBW)

4.12.1 Under 12 Competitions

There is no LBW to be given unless the batter is continually hit in front of their stumps, and then is given two warnings by the Umpire/Manager.

4.12.2 Under 13.5

If the batter is hit on the pads below the level of stump height, in front of the stumps, the contact leg is located behind the Popping crease, and it is deemed the ball would clearly hit the stumps, the batter will be issued with a first and final warning that if this type of contact occurs again, the batter will most likely be dismissed out LBW.

4.18.1 A registered player may play in his opponents' team in home and away matches when both Managers agree. Such a player **ON LOAN** will have the match counted as having played for their own team for eligibility for finals. The player will need to be 'transferred' to the opposing club as soon as possible on the Association's nominated results Web Site to enable selection and player statistic entry.

4.18.1.1 Under 13.5

There are no restrictions on the number of players that can be listed on a team sheet. Please note that the Batting and Bowling Restrictions do not change when there are more than 11 players listed.

4.18.1.2 Under 13.5

Only 11 players can be on the field at any one time. Members of the fielding team may interchange at the end of an over, fall of a wicket or after a break in play. Fielding changes should only occur at a minimum every 5 overs to reduce disruptions in play.

4.18.1.3 Under 13.5

Any of the players listed can bat and/or bowl.

4.18.1.4 Under 12 Competition

A team must consist of a minimum 6 registered player

4.18.2 The full team must be listed on the Association's nominated results Web Site prior to the commencement of the match. (Teams are recommended to list all players who may take part in the match. Any player/s who do not subsequently participate in the match must be removed from the team list).

4.18.3 A player that is absent or leaves the field does not serve Penalty Time.

4.19 SUSPENSIONS / REPORTS

4.19.1 Please refer to Senior Playing By-Law 3.21 for citing's and offences.

4.19.2 If there is no NMCA umpire officiating then it is the responsibility of the club, coach or team manager to report incidences.

4.20 TEAM ENTRIES

Team entries close with the Junior Sub-Committee on a nominated date, allowing at least two weeks prior to the Junior Pre-season Meeting which is held in the week prior to the first round.

4.21 TEAM GRADING

The system used to grade teams into divisions is;

4.21.1 For Under 12 Competition,

4.21.1.1 If a club enters 2 teams, one team will be entered in Heather Baillie Shield (Division One) and the other in Wayne Hicks Shield (South Division) or Jon Hyde Shield (North Division) depending on team location. If a club has 3 teams they can nominate a third team in any of the grades.

4.21.1.2 If a club enters 1 team, this grading will be based on club grade nominations and/or results over the past two seasons.

4.21.2 For Under 13.5 Competition,

4.21.2.1 If a club enters 2 teams, one team will be entered in Bill Wyatt Shield (Division One) and the other in Norm Coulson Shield (Division Two).

4.21.2.2 If a club enters 1 team, this grading will be based on club grade nominations and /or results over the past two seasons (i.e. If a team has mostly younger age players coming out of U13s then may be better suited to playing Division Two).

4.21.3 General

4.21.3.1 When clubs register team entries they can also nominate teams for a higher or lower grade but must also provide reasons.

4.21.3.2 The Junior Sub-Committee will make the final decision on grading of teams.

4.21.3.3 The Junior Sub-Committee shall monitor player registrations, check date of births and match results early in the season to ensure that teams are playing in the appropriate grade.

4.21.3.4 The Junior Sub-Committee has the right to move teams after Round 2 to a more appropriate grade but only after consultation with the club involved.

4.22 UMPIRES

4.22.1 Where there is one official umpire officiating;

4.22.1.1 Under 13.5s – the Club bowling shall provide an umpire at square leg. This allows the coach to organise field placements and bowling changes.

4.22.2 Where official umpire(s) not supplied by the Association, each Club shall supply an umpire for each match played suitably attired.

4.22.3 Non-official umpires must be 16 years or over and must not be participating in the match as a player.

4.22.4 Non official umpires are not to wear sandals, thongs or singlets.

4.22.5 Where umpires reports are lodged the matters shall be dealt with as provided in the Administration Regulations.

4.22.6 The umpire fees for home and away matches are;

4.22.6.1 Will be advised to Clubs prior to the commencement of the season.

4.22.6.2 If play is called off the umpire's fee is;

No fee – play abandoned by the NMCA

Half fee – play abandoned by umpires and coaches at the ground

Full fee – any play takes place

4.23 UNDER 10 RULES

The Under 10 Competition is a development program that starts to introduce players to club based cricket. It is the next stage in the pathway following IN2Cricket and Blast formats and prepares players for hard ball cricket in the U12s. It is a mixed competition, open to both girls and boys.

Matches are not played for points – winning is the least important thing in this age group – having fun and playing “real” cricket in a non-competitive environment is what is important.

The aim on match day is to promote player participation, skill development and give every player an equal opportunity to bat, bowl and field.

4.23.1 Eligibility of Players

Players should be under the age of 10 at 1st September in the current year.

4.23.1.1 If a player’s date of birth is over the cut off and you consider the player lacking the skill to play U12s but would be better suited developing their skills in U10 please contact the Junior Manager for special consideration.

4.23.1.2 Females may play 2 years below their eligibility age e.g. If a girl is under the age of 12 at 1st September, she may play in the Under 10 competition.

4.23.2 Competition

4.23.2.1 The Competition shall be played as per the fixture distributed by the Junior Sub-Committee.

4.23.2.2 The Association will endeavour to re-draw the post summer holiday’s fixture to match teams of similar ability.

4.23.3 Points

To provide a spirit of enjoyable participation, no points and no Association Shield will be awarded in the Under 10 Competition.

4.23.4 Awards

There are no Individual Average Awards for this grade.

4.23.5 Scheduled Match Times and Conditions

4.23.5.1 Playing time is from approximately 5.00pm to 7.30pm for Monday matches

4.23.5.2 Playing time is from approximately 9.00am to 11.30pm for Sunday matches

4.23.5.3 A 10 minute break between innings shall be taken at around 6.15pm / 10.15am.

4.23.6 Cricket Attire

4.23.6.1 Sports attire is recommended.

4.23.6.2 Hats must be worn and clubs should supply sunscreen and drinks.

4.23.7 Umpire/s

Each club shall supply an umpire for each match played, suitably attired for each day's play.

4.23.8 Equipment

4.23.8.1 Ball as issued by the Association.

4.23.8.2 Pads/Gloves/Helmets/Protectors - The wearing of these is compulsory.

4.23.9 Grounds

4.23.9.1 The home team shall mark a circle of 15 m radius from the batter’s end stumps.

4.23.9.2 The home team shall provide wickets (metal stumps are recommended).

4.23.10 Player Numbers

Teams are encouraged to loan players to the opposition team with less than 7 players

4.23.11 Fielding Restrictions

4.23.11.1 In order to minimise time lost with regular field changes, it is strongly recommended that team managers use a set field pattern, rotating each player through the sequence at the end of each over, with the next bowler coming in from mid-on or mid-off.

The set field pattern should consist of standard fielding positions. For example, off side fielders are gully, point and mid-off. Leg side fielders are fine leg, square leg and mid on.

4.23.11.2 A good initiative is to place small cones where standard fielding positions are on the field to help guide players where to stand and to teach them the fielding positions. You could also write the name of positions on the cones. This is a suggestion only.

4.23.12 Adverse Weather Conditions

4.23.12.1 The NMCA will notify clubs if play should be abandoned due to heat. Expected temperatures greater than 36 degrees Celsius may invoke this call. If no call is made by the NMCA, the coaches of the two competing teams can agree to abandon or delay play.

4.23.12.2 Teams should monitor weather websites/apps and abandon or cease play when the temperature is greater than 36 degrees Celsius.

4.23.12.3 In the event of active thunderstorm activity in the immediate vicinity of the playing area, all play is to cease immediately, and all players, umpires and officials are to find safe shelter without delay.

4.23.12.4 The weather telephone number is 1900 926 121. The website is www.bom.gov.au/vic/observations/melbourne. (Select the ‘Viewbank’ option).

4.24 UNDER 10 & UNDER 12 - MATCH DAY RULES

- 4.24.1** The Under 10 competition follows the Junior Cricket Stage 1 match day rules of the Junior Cricket Pathway. These rules are found in the appendix to these By-Laws.
- 4.24.2** The Under 12 competition follows the Junior Cricket Stage 2 match day rules of the Junior Cricket Pathway. These rules are found in the appendix to these By-Laws.
- 4.24.3** The match day rules of the Junior Cricket Pathway take precedence where there is any conflict with the NMCA Junior Playing By-Laws except for, 4.10.3.1 (fielding semi-circle) , 4.12.1 (LBW), 4.16.2 (time lost) and 4.26.5 (no ball).

4.25 WEATHER CONDITIONS

4.25.1 Adverse Weather

- 4.25.1.1** In the event of active thunderstorm activity in the immediate vicinity of the playing area, all play is to *cease immediately*, and all players, umpires and officials are to find safe shelter without delay.
- 4.25.1.2** A decision on recommencement of the game shall be made jointly by both Coaches/Team Managers and Umpires if applicable – if no consensus, no continuation – if the game continues, refer to Junior Playing By-Laws Clauses 4.16.2 or 4.16.6 regarding lost time.

4.25.2 Extreme Weather

4.25.2.1 Under 12 – 16 Competitions

- 4.25.2.1.1** The Junior Competition has adopted the Hot Weather Guidelines produced by the Sports Medicine Australia (SMA). “**36 degrees Celsius** and above is considered extreme and recommends cancellation or postponement to a cooler part of the day.” As most of our competition is played out of the most dangerous part of the day (i.e. between 11am – 3pm) this temperature would seem an appropriate cut off point. Also, cricket is classed as a lower intensity sport and so lower risk of heat stress (SMA Policy).
- 4.25.2.1.2** For night competitions, if the temperature is **above 36.5 degrees Celsius** at 4.00pm then all matches are
- 4.25.2.1.3** For night competitions, if the temperature is **≥36 degrees and ≤36.5 degrees** at 4.00pm with a possibility of play getting underway by 5.30pm refer to the TABLE below for times to revisit temperature and commence play.

Time	Temperature	Decision
4.00pm	a) > 36.5 C	Matches Cancelled
	b) > 36C and < 36.5C	Wait and See
4.50pm	a) < 36C	Commence Play at 5.00pm
	b) ≥ 36C	Check temp in 10 min
5.00pm	a) < 36C	Commence Play at 5.10pm
	b) ≥ 36C	Check temp in 10 min
5.10pm	a) < 36C	Commence Play at 5.20pm
	b) ≥ 36C	Check temp in 10 min
5.20pm	a) < 36C	Commence Play at 5.30pm
	b) ≥ 36C	Matches Cancelled

- 4.25.2.1.4** For morning competitions, if the temperature is **≥ 36 degrees** at 8.20am then all matches are cancelled.
- 4.25.2.1.5** If the temperature is **≥30 degrees Celsius** then hourly drink breaks must be taken.

Please Note:

This would mean in a normal scheduled night game an extra break would take place at 6.00pm (5 -10 minutes break). The tea break can be adjusted to 6.30/35pm and play can be extended up to 8.15pm to make up for lost time. Another drinks break after tea is at the discretion of either Coaches or Umpires depending on the conditions at the time. For the morning competitions, the same applies but the second drinks break after tea becomes more crucial as the temperature rises.

- 4.25.2.1.6** The weather telephone number is 1900 926 121. The website is www.bom.gov.au/vic/observations/melbourne. (Select the Viewbank temperature).
- 4.25.2.1.7** When the temperature reaches 36 degrees Celsius, during a junior match, play is cancelled in accordance with the SMA Policy.
- 4.25.2.1.8** Teams participating in matches abandoned due to the temperature shall receive 3 points each.

4.26 WIDES AND NO BALLS

- 4.26.1** A ball that lands to the side of the pitch shall be called a “No Ball”.
- 4.26.2** A ball that veers off the pitch and the batter does not have reasonable opportunity to score shall be called a “Wide”.
- 4.26.3** A full toss above the waist of a batter (in his normal batting stance) shall be called a “No Ball” by either umpire.
- 4.26.4** A ball that bounces over the batter’s shoulders (in his normal batting stance) shall be called a “No Ball” by either umpire.
- 4.26.5** A ball that bounces more than once before it reaches the popping crease is a “No Ball” except the ball can bounce twice in the U12 & U10 competitions.

Please Note: Deliveries pitching off the pitch are No Balls (not wides), which is important because:

From a **no ball**, batters can be out Hit the Ball Twice, Run Out, or Obstructing the Field.

From a **wide**, batters can be out Hit Wicket, Stumped, Run Out, or Obstructing the Field.

4.27 ZERO TOLERANCE – OFFENSIVE LANGUAGE

Umpires have been instructed to give a Zero Tolerance approach to offensive language during the course of a match. In matches where official Umpires have not been appointed, team officials that act as Umpires are empowered to enforce this by-law.

4.27.1 This by-law shall apply to all Junior Competitions.

4.27.2 Players from either team, whether their team is batting or their team is fielding, team coaches and any other team official detected by the Umpire using offensive language under any circumstances shall have the following penalties apply:-

4.27.2.1 Batting Team at Fault: - The umpire shall stop play and signal to the scorers that a 5 run penalty will be awarded to the bowling team. The Umpires signal will be by placing his hand on his opposite shoulder and holding it still. The scorers are to acknowledge the Umpires signal and place 5 runs in the penalty box on the batting score page of the current bowling team, whether they have batted or are yet to bat. The umpire should note the time and over of such offence to ensure that the scorers have entered the penalties. These penalties runs will be added to that teams score and entered onto the Associations website as penalty runs in the extras section.

4.27.2.2 Bowling Team at Fault: - The umpire shall stop play and signal to the scorers that a 5 run penalty will be awarded to the batting team. The Umpires signal will be by placing his hand on his opposite shoulder and then use a patting motion. The scorers are to acknowledge the Umpires signal and place 5 runs in the penalty box on the batting score page of the current batting team. The umpire should note the time and over of such offence to ensure that the scorers have entered the penalties. These penalties runs will be added to that teams score and entered onto the Associations website as penalty runs in the extras section.

- Team A is dismissed before its entitlement (i.e. 40th / 30th ver of its innings) THEN Team B can commence its 2nd innings.

NOTE: Matches finishing early

It is the preference of the Association that the full 80 overs (60 overs) are played. When overs remain after both teams have completed their first innings then it is highly recommended that a second innings is commenced.

By Law 4.16.9.3.1 requires the agreement of **BOTH** coaches to end the game early. The expectation is that agreement will only be reached when other factors are present, eg. deteriorating light, poor weather, etc.

Tea Break

Tea break will normally be taken after 20 overs (15 overs).

Coaches should agree to take an early tea break where suitable, eg. if Team A is dismissed in the 18th over, tea break might be taken immediately.

Declaration

A declaration by the batting team in the First Part of the Innings is a declaration of its whole innings and not just the First Part.

Second Innings

A team can face all remaining overs in the second innings in U14 and a maximum of 30 overs in U12.

The team that batted first in the first innings is also entitled to bat first in the second innings. The team that batted second can be asked to follow on if they trail by 80 runs or more. Coaches can agree for the team that batted second to instead bat first in the second innings. This will not be considered a forfeiture of innings by the other team.

Scorebook Notes

Coaches or scorers should note in the scorebook at the end of the First Part of the Innings:

- the two batters and the ends at which they stood, and
- the last bowler and the end he/she bowled from

Time Lost

If any play is lost on either day, the match can be extended up to 15 minutes on each day. Regardless of the time lost, each team will be entitled to bat for the overs as specified under "FORMAT" above. This may mean that the First Part of a team's innings is completed on Day 2 and one or both teams may be unable to receive their full allotment of overs in the amount of time available.

For a result to be achieved, the team batting last either must pass the other team's score or has a lower score and is all out.

Whenever time is lost there must be a minimum number of overs bowled in the amount of time available for play. This is calculated at 3.5 minutes per over.
